The screenshot shows a configuration dialog box with tabs for Account, Voicemail, Topology, Presence, and Advanced. The Account tab is selected. The dialog is divided into sections: User Details, Domain Proxy, and Dialing plan. The User Details section contains fields for Display Name (username o il tuo numero geografico), User name (username), Password (masked with dots), Authorization user name (username), and Domain (noverca.com). The Domain Proxy section has a checked checkbox for "Register with domain and receive incoming calls", a "Send outbound via:" section with radio buttons for domain (selected), proxy, and target domain, and an "Address" field. The Dialing plan section has a field containing "#1\a\a.T;match=1;prestrip=2;". At the bottom are buttons for OK, Annulla, and Applica.
